## Healthcare Staffing That Works — For You.

Big enough to deliver, Small enough to care.

## Trusted Healthcare Workforce Solutions

At Greenstaff Medical, we provide professional, people-first staffing services across Australia. We specialise in high-quality clinical talent, flexible delivery models, and fast response — whether you need one nurse for a shift or an entire team for long-term coverage.

With national reach and deep industry insight, we're committed to helping you maintain continuity of care while easing the pressures of staffing.

### Our Approach:

- Personalised service with a single point of contact
- Quality assured and fully compliant clinicians
- 24/7 on-call coordination and urgent fulfilment
- Trusted member of the RCSA and aligned with all health standards

*"Greenstaff Medical have been incredibly responsive, even at short notice. Their team understands the pace and pressure of facility staffing and always deliver high-quality clinicians who slot right into our team. It's reassuring knowing help is only ever a phone call away."*

**–Workforce Manager, Regional Aged Care Facility**

## Homecare

Personalised care delivered to aged clients in their home or residential facilities. RNs, ENs, AINs/PCAs and support workers available for ongoing or ad-hoc coverage.

## Agency Staffing

Fast-response casual, contract, and permanent nursing solutions for public and private hospitals — metro, regional, and remote.

## NDIS & Disability Support

NDIS-compliant support workers and nurses who empower participants to live independently, safely, and with dignity.

## Travel Nurses

RNs and Midwives ready to go where they're needed most. Greenstaff's travel-ready team supports regional and remote facilities across Australia.
